First hand account of the Women's Auxiliary Air Force during the years of the Second World War. From inside the book . What people are saying - Write a review. Over two million American servicemen passed through Britain during the Second World War. In 1944, at the height of activity, up to half a million were based there with the United States Army Air Forces (USAAF). Their job was to man and maintain the vast fleets of aircraft needed to attack German cities and industry. Our Wartime Days: The WAAF in World War II. Told through the eyes of those serving at the time, this is the story of the Women's Auxiliary Air Force during the years of World War II. Reminiscences and anecdotes describe in vivid detail what their lives were like from recruiting to demobilization, and a wealth of photographs,...
